1. Aims

Safeguarding is the primary purpose of RSE. Explicit links are made between RSE, Keeping Children Safe in Education (KCSIE) and Working Together to Safeguard Children. The aims of relationships and sex education (RSE) at our school are to:

- › Provide a framework in which sensitive discussions can take place
- › Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- › Help pupils develop feelings of self-respect, confidence and empathy
- › Create a positive culture around issues of sexuality and relationships
- › Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a secondary academy school we must provide RSE to all pupils (up to the age of 16) as per section 34 of the [Children and Social work act 2017](#).

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

In teaching RSE, we comply with the requirements of the [Equality Act 2010](#), ensuring all pupils, including those with Special Educational Needs and Disabilities (SEND).

At St. Aidan's we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSE
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

6. Delivery of RSE

RSE content is always tailored to pupils' age and level of development and prioritises biological and legal accuracy. As well as being taught alongside our safeguarding policies, RSE is delivered through PSHE, RE, and whole-school assemblies. RSE is framed around safety, wellbeing, and respect, and focuses on providing young people with the knowledge and skills they need to develop healthy, nurturing relationships of all kinds, including:

- Families
- Respectful and safe relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

The school is committed to ensuring that the RSE curriculum is accessible to all pupils, including those with Special Educational Needs and Disabilities (SEND). We will adapt resources, teaching methods, and delivery to meet individual needs, ensuring an inclusive learning environment. This includes using assistive technologies, and offering additional support or adjustments where necessary. Staff will be trained to deliver the curriculum in a way that respects and accommodates diverse abilities, ensuring all pupils can participate fully and benefit from RSE education.

7. Roles and responsibilities

7.1 The governing board

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

7.2 The headteacher

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from components of RSE (see section 8).

7.3 Staff

Staff are responsible for:

- › Delivering RSE in a sensitive way
- › Modelling positive attitudes to RSE
- › Monitoring progress
- › Responding to the needs of individual pupils
- › Responding appropriately to pupils whose parents wish them to be withdrawn from the components of RSE
- › Following safeguarding procedures if disclosures occur

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

Our coordinator of PSHE, is responsible for the production of the RSE schemes of work and lesson materials.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw from Sex Education

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are supported on the delivery of RSE. Training is provided by Ten:Ten resources an education platform which is used to deliver the curriculum.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by Mrs. Hogg Head of Pastoral Care and Safeguarding and our PSHE Coordinator.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems. RSE lessons are subject to performance walks and lesson visits.

This policy will be reviewed by SLT annually. At every review, the policy will be approved by the governing board.

Policy Review

This policy document will be reviewed in January 2027.
